For practical purposes the arrangement of the work is so complete, that a reference to it enables a person who understands English to communicate *effectively* with natives who understand nothing but Chinese. In this respect the work will be found indispensable to all Europeans residing in China and to the natives themselves; it explains subjects fully with which every few kinds of them are perfectly acquainted. To persons resident in England and elsewhere in China it cannot but be invaluable so long as it remains in the hands of the natives.

It comprises upwards of two thousand large quarto pages.

A LARGE REDUCTION IN PRICE is made to Purchasers of 500 or more Copies.
